Introduction

Thanks for using TunePat Any Audiobook Converter for Mac!

[TunePat Any Audiobook Converter for Mac](#) is a professional audiobook downloader that is used to preserve the original format and audio quality. It is capable of exporting AA/AAX audiobooks to **M4A, M4B, and MP3** format, making Audible audiobooks compatible with multiple devices. What's more, as a highly effective tool, TunePat Any Audiobook Converter is able to convert Audible audiobooks at **up to 300X** conversion speed, and also keep original ID3 tags in the output files. After conversion, you can copy or transfer the output files to any media player for offline listening.

Key Features

- Support converting the purchased audiobooks or audiobooks/podcasts that you can access to with an Audible paid/free account.
- Convert and Save AA/AAX audiobooks in M4A/M4B/MP3 format.
- Keep the original audio quality of the audiobooks.
- Proceed with the conversion at a 300X faster speed.
- Detect and keep accurate audiobook ID3 tags, including Title, Artist, Author, Year, Genre, and more.
- Intelligent splitting of local audiobook files: by chapter, or other ways.
- Enjoy the audiobooks you like offline on any media player or device.

System Requirements

- macOS 10.15 or above;
- 1GHz processor or above;
- 512 megabytes (MB) or higher of RAM;
- 1GB of available hard-disk space or higher;
- 1024*768 resolution display or higher Monitor.

Purchase TunePat Any Audiobook Converter for Mac

Tips: To buy a license key for TunePat Any Audiobook Converter for Mac, click [here](#).

1. Why Should I buy TunePat Any Audiobook Converter for Mac?

The free trial version only enables users to convert the first 1 minute of each audiobook. After purchasing a license, you will get the **Register Email** and **Code** to unlock the full version and download the entire audiobook.

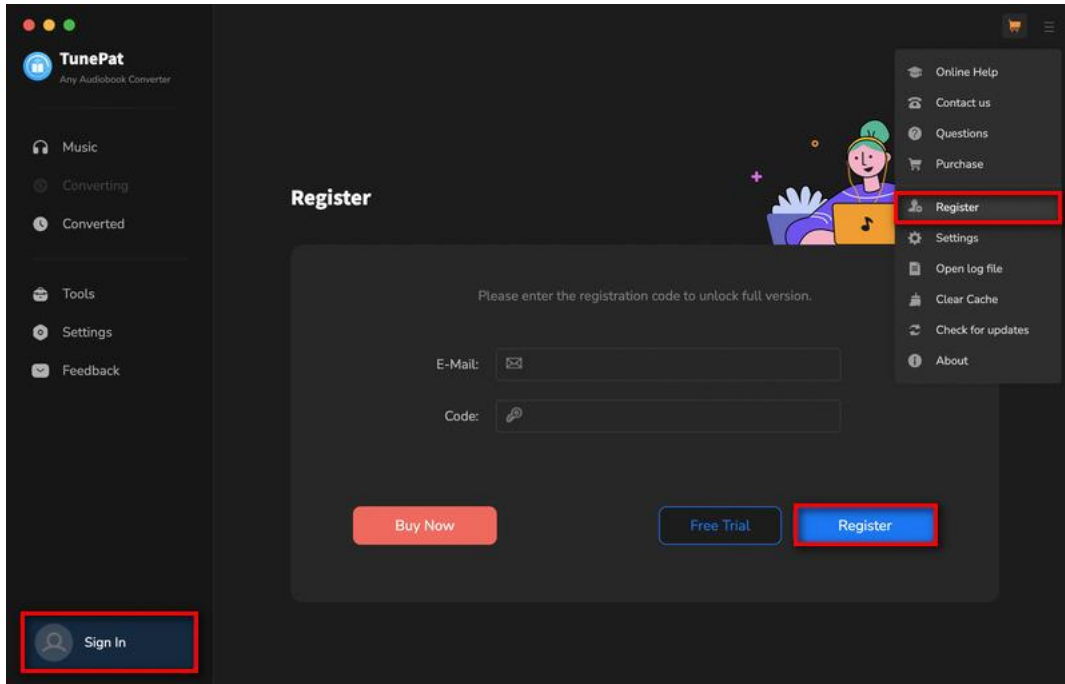

2. What Benefits do we have after Registration?

- Unlimited use without any function restrictions.
- FREE upgrades to the latest versions of the same product.
- FREE technical support.

Register TunePat Any Audiobook Converter for Mac

Step 1: Run TunePat Any Audiobook Converter on Mac. Then select the "☰ > Register" option or directly tap on the "Sign In" button on the lower left corner of the toolbar to find the registration box below.

Step 2: Copy and paste the registration **Email** and **Code** you received into the registration pop-up window, then click "**Register**" button.

Step 3: Once finishing the Registration process, the limitations of the trial version will be removed.

Tutorial of TunePat Any Audiobook Converter for Mac

TIPS:

1. We suggest you simply copy & paste the Registration information into the pop-up dialog.
2. Make sure both Registration Email and Registration key are provided by our company after purchasing. If you have not paid, please click "**Buy Now**" to finish the payment and get the license.
3. Please make sure the Registration Email and Registration key you entered are complete, and do not insert any blank before or after them. Otherwise, normal registration will not be possible.
4. The license is **not shared between Windows and Mac**, and a license key can only be used on one device.
5. If you need to replace the computer, please contact the TunePat customer service team by email to help you deal with it. If you register and use on multiple devices at the same time, the registration code will become invalid and you cannot register successfully.
6. In the case of subscription renewal, then complete the registration by these steps: Click on the "**Register**" option → Choose "**Renew License**" → Enter the E-mail and the new code you have received on the renewal date. → Tap on "**Confirm**".

Installation & Interface

Convert & Download Audiobooks from Audible Library to Mac

Step 1: Log in to Your Audible Account

Initiate TunePat Any Audiobook Converter on your Mac to prompt the automatic appearance of the Audible Online Library window. Alternatively, manually access this window by selecting the "**Load Web player**" button on the interface. Proceed by clicking the "**Sign in**" button and entering your credentials for your Audible Free/Plus/Premium Plus account.

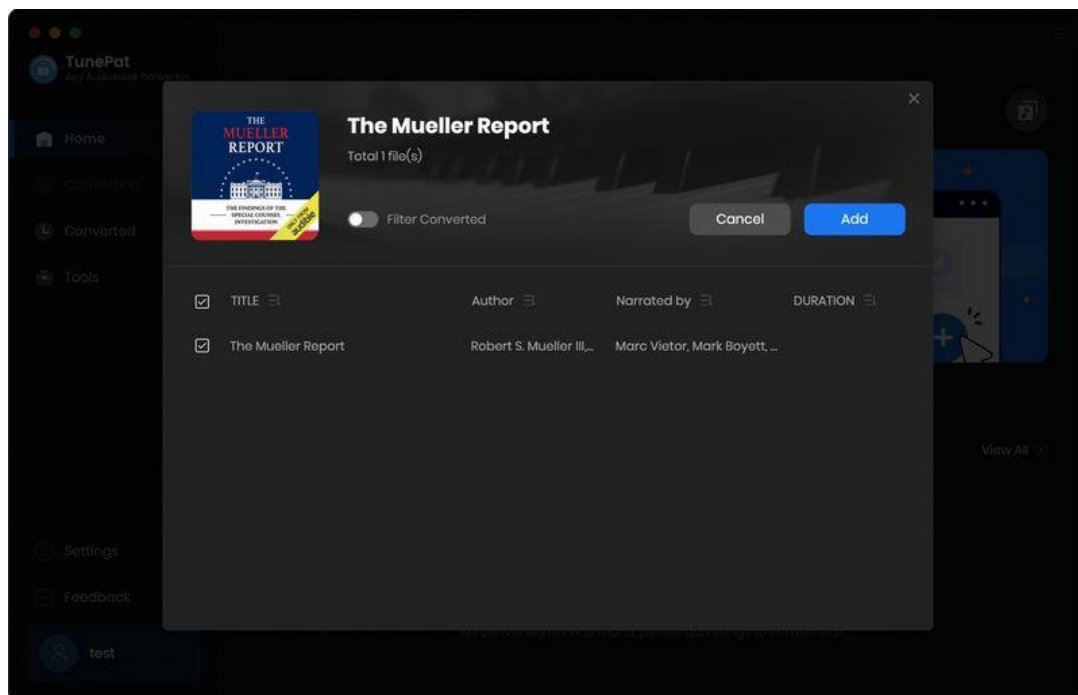

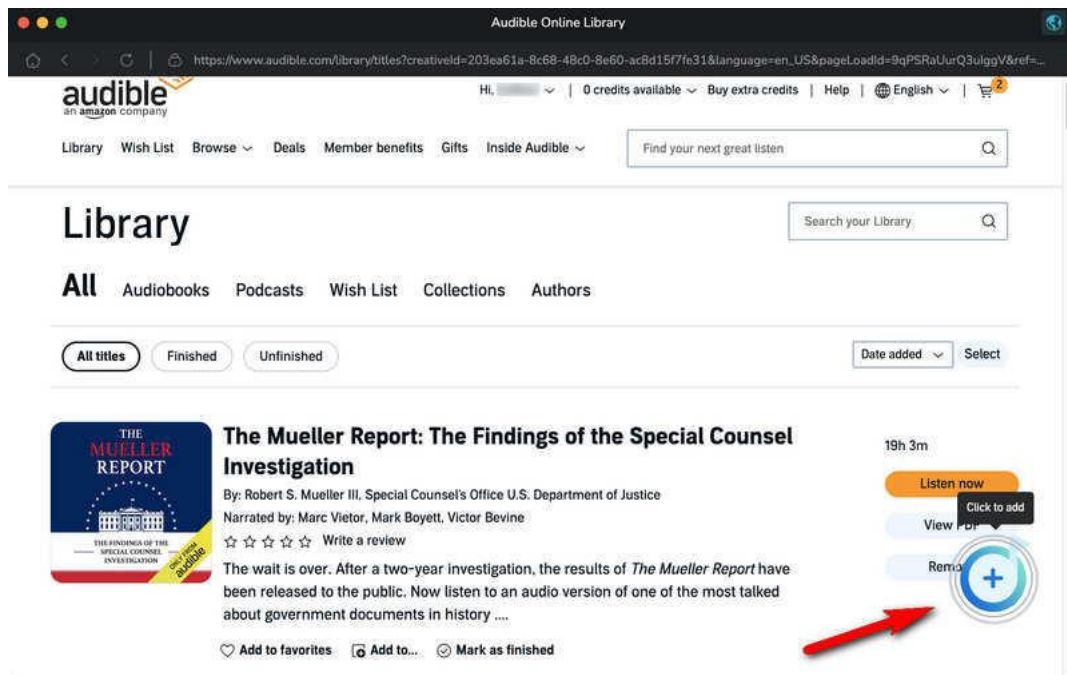

Step 2: Add Audiobooks to TunePat for Conversion

Upon successful login, open the desired audiobook for conversion. Utilize the blue "**Click to add**" button on the lower right side, prompting TunePat to identify and list all titles on the current page in a pop-up window. By default, all titles are selected, but you have the option to manually choose specific ones before clicking "**Add**" to include them in the interface for subsequent conversion.

Step 3: Finish the Output Settings

Prior to initiating the conversion process, customize the output parameters by navigating to the "**Settings**" tab on the left side. Options for modification include output format (**Original/M4A/M4B/MP3**), quality (**High Quality/Small Size**), output folder, and more.

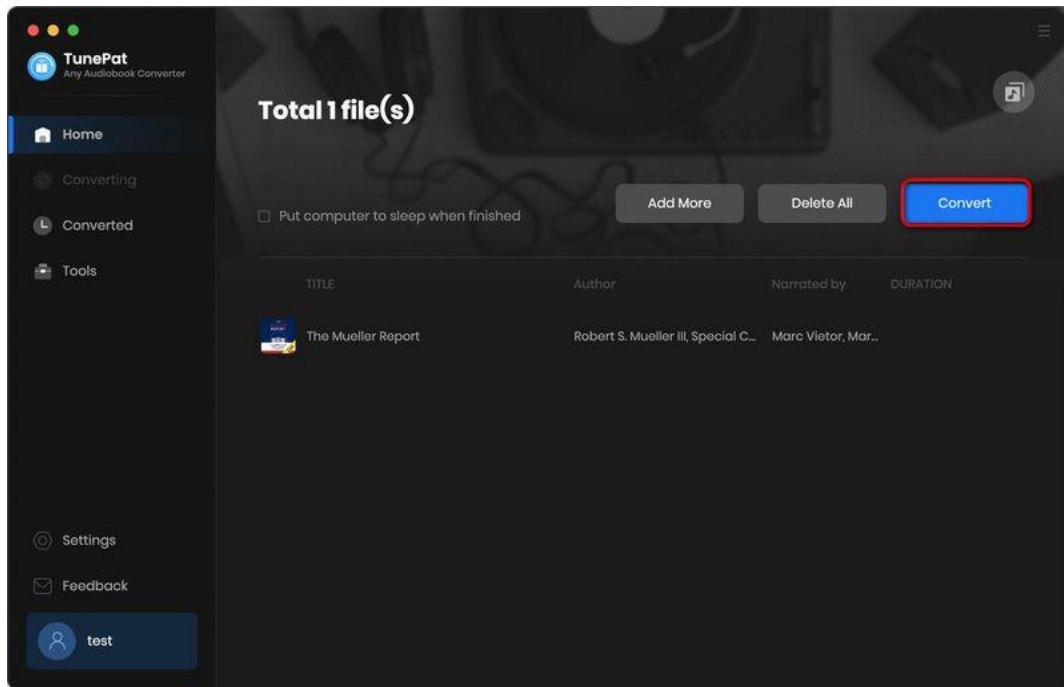

Step 4: Convert Audiobooks to M4A/M4B/MP3

Return to the Music page, where previously selected audiobooks are displayed. For batch selection of additional audiobooks for simultaneous conversion, utilize the "**Add More**" button to access the Audible Online Library. After adding all desired titles, click "**Convert**" to commence the process.

Step 5: View the Converted Audible Audiobooks

Upon completion, use the "**Show in Finder**" button to locate the converted audiobook's local destination on your Mac, or navigate to the "**Converted**" module to browse and double-click files for playback.

Tools

The Tools section of TunePat Any Audiobook Converter gives users access to several useful features. The AA/AAX Converter (This tool is only available to paid users of TunePat Any Audiobook Converter.) is to help users convert the purchased audiobooks that they have downloaded onto their computer to common formats, such as MP3, etc. The [Tools](#) module also has other free tools.
