- [System Requirements](#)

### Introduction

[TunePat Pandora Music Converter for Mac](#) is an ideal tool to download Pandora Music, Playlist, and Podcasts from online to offline listening on multiple devices, in different audio formats of MP3, AAC, WAV, FLAC, AIFF, or ALAC. Being able to output Pandora's original sound quality, TunePat Pandora Music Converter also takes advanced technology to push the conversion speed to 10X speed without sacrificing the sound quality at all. Principle ID3 tags like track title, album title, artist name, artwork, and more will also be perfectly preserved.

### Key Features

- Available for both Pandora Free, Pandora Plus and Premium users.
- Download music, albums, playlists or podcasts from Pandora to the computer for permanent storage.
- Convert Pandora playlists in a batch at an ultra-fast speed.
- Export Pandora Music as MP3, AAC, WAV, FLAC, AIFF, or ALAC audio files.
- Retain original output audio quality and retain key ID3 tags.
- No need to install the Pandora Music app.
- With Tools available for changing output formats and editing tag information.

### Set Up Pandora Output Parameters

Visit the Music Settings window by clicking the **Settings** button in the left-hand toolbar or the bottom **More settings** option. You can customize the Pandora Music output parameters, including the Conversion Mode, Output Format (MP3/AAC/WAV/FLAC/AIFF/ALAC), Bit Rate, Sample Rate, Output Folder, etc.

**Note:** If you choose "Auto" as the output format, TunePat Pandora Music Converter will convert music at a faster speed.

### Add Pandora Playlists to Converter

Browse a preferred playlist, artist, podcast, or album in the music library, then click the blue **Click to add** button in the right corner. TunePat will extract and put the songs or episodes in that playlist onto the conversion panel for a specific selection.

Then you can select the Pandora songs that you'd like to convert from the playlist by clicking **Add**.

---

To continue, click the **Convert** button to perform the conversion operation immediately. If you want to convert playlists in batch, then click **Add More** instead of the **Convert** button. After your selection, the selected songs will be temporarily saved to the main interface. You then continue to press the **Convert** button to proceed. If you want to empty this list, please select **Delete All** in the middle.

### Converting and Downloading Pandora Music

TunePat Pandora Music Converter will download and save the Pandora music to the output format you chose.

As the conversion is completed, you can click on **Converted** to view all converted Pandora Music. You can also click on the folder icon next to a specific song (labeled as the **Show in Finder** button) to access the converted Pandora music stored in your Mac's local storage.
